

## **Floating on a breeze**

Words & Musik Baerenz/ Strodzbeck

**Sunshine through the clouds  
the rain has passed away  
I cast off all my troubles  
now I'm on my way  
Just take one bag  
two pairs of shoes  
get down on the road  
I got nothing to loose**

**I'm Floating on a breeze  
don't care, where it takes me...  
that's alright  
mmmhh that's alright  
that's alright  
oh that's alright**

**I Got no destination  
my feet, they make the way  
I'm carried by their rhythm  
don't know, where I'm gonna stay  
The road is my companion  
I am nowhere bound  
The blue horizon guides me  
nothing keeps me down**

**I'm floating on a breeze  
don't care, where it takes me now,  
it's alright.....**

**Smiling people pass my way  
I'll keep their kindness in my heart  
some were trying to make me stay  
but I knew it from the start  
some of them would fade away  
some of them will stay  
I always will be happy,  
that they have passed my way**

**'Cause I keep on floating on a breeze  
still don't know where it takes me  
But tht's alright.....**
