

You thought
Lyrics/Music Bärenz/Strodtbeck

**You thought, you know me
I thought, I know you
But now the masquerade is over
I can see you through**

**So tired of your sneaky games
The way, that I have been abused
And your calculated innocence
But now you are accused**

**Now that your false smile
No longer hides your bad faith
All of your silly games
Are surely going to waste**

**I thought, I'd know you
But now I see you through
You thought, you'd know me
But you didn't have a clue**
